

Environment Policy

ENVIRONMENT POLICY

ECOTONE is committed to minimising environmental impacts arising from our products, manufacturing processes, and application services. We recognise our responsibility to protect and enhance the environment in which we operate and integrate environmental stewardship into all aspects of our business.

ECOTONE POLICY INCLUDES:

ECOTONE recognises its responsibility to the community to protect and enhance the environment in which we operate. ECOTONE is committed to minimize environmental impacts concerning company's activities, products and services (read in conjunction with Quality Policy), it shall;

- Comply with applicable legal requirements and other requirements to which the company subscribes which relates to its environmental aspects
- To include a risk assessment of environmental issues to determine impacts in all strategies, products, services and initiatives
- ECOTONE senior management are committed to ensure that protection of the environment is firmly embedded in both company's and all employees culture and will endeavour to influence its suppliers and customers in a similar strategic environmental manner
- Prevent pollution, reduce waste and minimize the consumption of resources
- Consider the wider global impact of all our activities including those of our suppliers' customers and other stakeholders
- Educate, train and motivate employees to carry out tasks in an environmentally responsible manner and ensure that a continuous professional development strategy remains core to our business goals
- Encourage environmental protection among suppliers and subcontractors
- To investigate the feasibility of influencing its suppliers, customer and third parties with consideration to life cycle impacts of their aspect and activities
- Encourage and enhance biodiversity and ecology.
- Determine whether climate change is a relevant issue
- Ensure that relevant interested parties can have requirements related to climate change.
- A commitment to reviewing the environmental aspects of ECOTONE' operations and establishing objectives, targets and programs for all aspects with potential to have a significant impact on the environment. Objectives and targets will be reviewed on an annual basis, or as new significant aspects of our operations are identified.
- A commitment to continued compliance with relevant environmental legislation, regulations and other requirements applicable to the delivery of ECOTONE' services to our clients.
- Respecting our environment and operating in recognition of community expectations with regard to resource utilisation and management.
- A commitment to preventing pollution created from activities under our control. This will be done by minimising or eliminating the introduction of contaminants to the natural environment that cause an adverse change.
- Ensure our people understand our core values and expectations in relation to environmental consciousness.
- Encourage our people to look for new and better ways to manage the potential impact of our operations on the environment.
- Maintain a certified Environmental Management System in accordance with the requirements of ISO 14001:2015.

ECOTONE is committed to continual improvement of environmental performance. This policy will be communicated to all employees.
